

## **College Admissions in the Public Interest**

Growing concern about the college admission environment calls for immediate leadership among college presidents. If a group of presidents were united by the prospect of improving the present system, what might be the outcome and impact? Our meeting is being planned to explore this opportunity and to formulate a strategy for effecting meaningful and lasting change.

Sponsor: The Education Conservancy

Host: The Steinhardt Institute for Higher Education Policy

Location: New York University, Washington Square campus

Date and time: June 15, 5:30pm - June 16, 5:30pm
